- Global outbound roaming SMS traffic: by region
- Global outbound roaming non-messaging data traffic: by region
- Global outbound roaming revenues: by region
- Global outbound roaming voice revenues: by region
- Global outbound roaming SMS revenues: by region
- Global outbound roaming non-messaging data revenues: by region

North America

- North America outbound roamers: by user segment
- North America outbound roamers: by destination region
- North America outbound roamers: by user segment, by destination region
- North America outbound roaming voice traffic: intra- and inter-regional
- North America outbound roaming SMS and non-messaging data traffic
- North America outbound roaming revenues: intra- and inter-regional
- North America outbound roaming voice revenues: intra- and inter-regional
- North America outbound roaming SMS and non-messaging data revenues

Latin America

- Latin America outbound roamers: by user segment
- Latin America outbound roamers: by destination region
- Latin America outbound roamers: by user segment, by destination region
- Latin America outbound roaming voice traffic: intra- and inter-regional
- Latin America outbound roaming SMS and non-messaging data traffic
- Latin America outbound roaming revenues: intra- and inter-regional
- Latin America outbound roaming voice revenues: intra- and inter-regional
- Latin America outbound roaming SMS and non-messaging data revenues

Asia Pacific

- Asia Pacific outbound roamers: by area of origin
- Asia Pacific outbound roamers: by user segment
- Asia Pacific outbound roamers: by destination
- Asia Pacific Developed outbound roamers: by user segment, by destination
- Asia Pacific Developing outbound roamers: by user segment, by destination
- Asia Pacific outbound roaming voice traffic: by area of origin, intra- and inter-regional
- Asia Pacific outbound roaming SMS and non-messaging data traffic: by area of origin
- Asia Pacific outbound roaming revenues: by area of origin, intra- and inter-regional
- Asia Pacific outbound roaming voice revenues: by area of origin, intra- and inter-regional
- Asia Pacific outbound roaming SMS and non-messaging data revenues: by area of origin

Europe

- Europe outbound roamers: by area of origin
- Europe outbound roamers: by user segment
- Europe outbound roamers: by destination

Western Europe outbound roamers: by user segment, by destination
Eastern Europe outbound roamers: by user segment, by destination
Europe outbound roaming voice traffic: by area of origin, intra- and inter-regional
Europe outbound roaming SMS and non-messaging data traffic: by area of origin
Europe outbound roaming revenues: by area of origin, intra- and inter-regional
Europe outbound roaming voice revenues: by area of origin, intra- and inter-regional
Europe outbound roaming SMS and non-messaging data revenues: by area of origin

Africa and Middle East

Africa and Middle East outbound roamers: by area of origin
Africa and Middle East outbound roamers: by user segment
Africa and Middle East outbound roamers: by destination
Africa outbound roamers: by user segment, by destination
Middle East outbound roamers: by user segment, by destination
Africa and Middle East outbound roaming voice traffic: by area of origin, intra- and inter-regional
Africa and Middle East outbound roaming voice traffic: by area of origin, intra- and inter-regional
Africa and Middle East outbound roaming SMS and non-messaging data traffic: by area of origin
Africa and Middle East outbound roaming revenues: by area of origin, intra- and inter-regional
Africa and Middle East outbound roaming voice revenues: by area of origin, intra- and inter-regional
Africa and Middle East outbound roaming SMS and non-messaging data revenues: by area of origin
